

REGISTER TODAY for Tuesday, February 16!

Baby Business 4:

Businesses Supporting Employees Being Parents

Businesses are looking for ways to support employees as we seek to return to our “new” normal at work and at home.

This program offers businesses the opportunity to learn about employee attitudes regarding work and bringing up children in our challenging environment. Attendees will learn about recent local survey information related to parent-child interaction and practices that will support families, parents as first teachers and provide for future successes.

This Program is sponsored by the Marathon County Early Years Coalition.

To register:

To register visit <http://www.unitedwaymc.org/babybusiness> or contact Tara Glodowski at tglodowski@unitedwaymc.org.
