42% of our County's households are working and struggling to survive.
Join us to hear the details of the ALICE Report.

Hear first hand about the recently released report for the state of Wisconsin—the ALICE Report. This data-driven project is a factual look at our community's households who are unable to afford life's basic necessities. ALICE is an acronym for Asset Limited, Income Constrained, Employed. This report helps us understand the challenges and barriers that face valued community members.
